

MOTOWASH Factory Line

Concentrated gel cleaner for bikes

Biodegradable

Can with spray

TYPE OF USE

MOTUL MOTOWASH FACTORY LINE's Power Gel formula cleans in depth the most resistant spots and leaves the plastic parts and rims clean and shiny.

All surfaces : Plastic, synthetic fibres, paintwork, varnish, metal...

For Motocross races where BIODEGRADABLE products are especially recommended by the organizers.

PERFORMANCE

Power Gel does not run and cleans in depth.

Efficiently removes all traces of grease, dust, soil, mosquitoes, brake pad residue...

Dries evenly.

Leaves a dry anti-corrosion film.

Protects paintwork and varnish.

Biodegradable : MOTUL MOTOWASH FACTORY LINE is environment friendly.

Green colored

RECOMMENDATIONS

Do not use in the sunshine or over hot surfaces.

Spray generously all over the whole motorcycle.

Allow to work for a few minutes.

Rinse thoroughly with water, jet, or steam pressure.

For very dirty parts, repeat the operation and scrub with a sponge or a soft rag.

Use a soft cloth to obtain a perfect finish.
