

COMPONENTS

T

w/o SLIDING ROOF TYPE

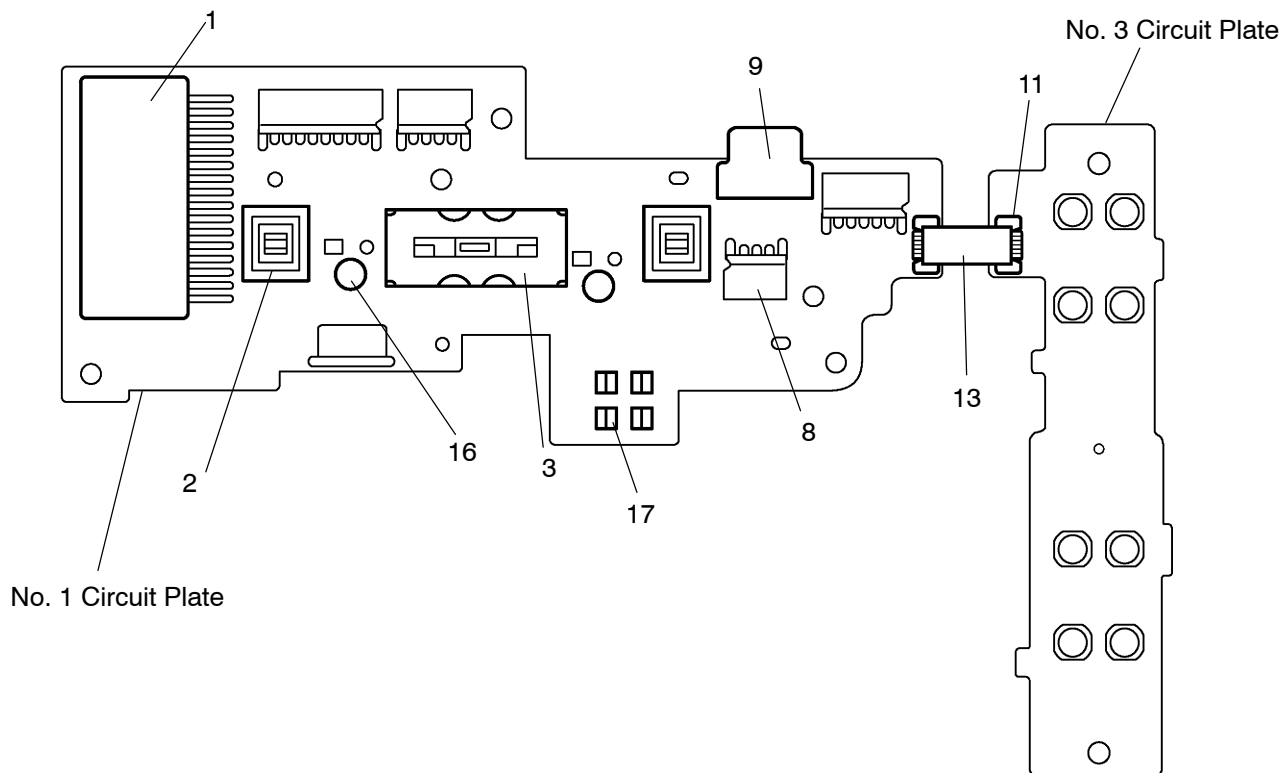

T

I22169

Parts No.	Connector name	Related to systems
1	Vehicle wire harness connector (Connector "A")	-
2	Front personal light connector	Interior light system (Front personal light)
3	Room light slide switch connector	Interior light system (Room light)
8	Intrusion sensor connector (Connector "E")	Theft deterrent system
9	Voice recognition connector (Connector "B")	LEXUS link (mayday) system Cellular mobile telephone system
14	Garage door opener illumination connector (Green)	Garage door opener system
15	Garage door opener operate indicator connector (Red)	Garage door opener system

w/ SLIDING ROOF TYPE

T

I22170

Parts No.	Connector name	Related to systems
1	Vehicle wire harness connector (Connector "A")	-
2	Front personal light connector	Interior light system (Front personal light)
3	Room light slide switch connector	Interior light system (Room light)
8	Intrusion sensor connector (Connector "E")	Theft deterrent system
9	Voice recognition connector (Connector "B")	LEXUS link (mayday) system Cellular mobile telephone system
11	Moon roof switch substrate connector	Sliding roof system
13	Moon roof switch sunstrate flat harness connector	Sliding roof system
16	Overhead console illumination connector (Unbar)	Overhead junction block illumination
17	Light housing connector	Overhead junction block illumination
