

A detailed technical line drawing of an engine's internal components, specifically the timing chain and camshafts. The diagram shows the timing chain (labeled 'Timing chain') running along the bottom of the engine block, connecting the crankshaft to the camshafts. The exhaust camshaft (labeled 'Exhaust camshaft') is positioned at the top, and the inlet camshaft (labeled 'Hexagon part of the inlet camshaft') is positioned at the bottom. A curved arrow indicates the rotation of the timing chain. The diagram is a black and white line drawing with various labels and arrows pointing to specific parts.
