

- | | |
|---------------------------------------|--|
| ★ 1 Oxygen sensor (rear) | ● Power supply |
| ★ 2 Oxygen sensor (front) | ● Ignition switch-IG |
| ★ 3 Crank angle sensor | ● Ignition switch-ST |
| ★ 4 Camshaft position sensor | ● Oil pressure switch |
| ★ 5 Detonation sensor | ● Alternator FR terminal |
| ★ 6 Engine coolant temperature sensor | ● Alternator L terminal |
| ★ 7 Manifold absolute pressure sensor | ● Accelerator pedal position sensor (main) |
| ★ 8 Intake air temperature sensor | ● Accelerator pedal position sensor (sub) |
| ★ 9 Throttle position sensor (main) | ● Neutral position sensor*1 |
| ★ 10 Throttle position sensor (sub) | ● Battery current sensor*1 |
| | ● Battery temperature sensor*1 |
| | ● Brake vacuum sensor*1 |
| | ● Auto stop & go (AS&G) OFF switch*1 |
| | ● Clutch switch (A)*1 |
| | ● Clutch switch (B)*1 |
| | ● Hood buzzer switch*1 |

Engine-ECU
or engine-A-M/T-ECU

- | | |
|------------------------------------|--------------------------------------|
| ☆ 1 Oil control valve <135 engine> | ● Engine control relay |
| ☆ 2 Injector | ● Fuel pump relay |
| ☆ 3 Throttle valve control servo | ● Throttle valve control servo relay |
| ☆ 4 Purge control solenoid valve | ● Starter relay*2 |
| | ● Starter cut relay*1 |
| | ● Starter control relay*1 |
| | ● Capacitor relay*1 |
| | ● Ignition coil |
| | ● Alternator G terminal |
| | ● Oxygen sensor heater |
| | ● A/C compressor relay |

NOTE:

*1: Vehicles with AS&G system

*2: Vehicles without AS&G system
