

A technical line drawing of a mechanical assembly. At the top left, a bolt is shown passing through a bracket. A leader line points from the text 'Plain washer' to a small circular washer on the bolt. Below this, a large circular plate is shown with a central circular feature and a small bolt. Two curved arms are attached to the plate. One arm has a circular end with three small holes. The other arm has a circular end with a small hole. A leader line points from the text 'MB990767' to the small hole on the second arm. At the bottom right, the text 'AC311415AB' is displayed.
