

Notch on the body flange

Fastener

Attach the fastener
in alignment with
the notches

The diagram illustrates a cross-section of a mechanical assembly. A curved, ribbed body flange is shown. A rectangular fastener is being positioned into a hole in the flange. Two arrows point to specific features: one arrow points to a 'Notch on the body flange', and another arrow points to the 'Fastener'. The text below the diagram provides instructions: 'Attach the fastener in alignment with the notches'.
