Detonation
sensor

A technical line drawing of a multi-cylinder engine. The engine block is shown with various components like the cylinder heads, intake manifold, and exhaust system. A callout box points to a sensor located on the side of the engine block, just above the engine oil filter. The sensor is a small, cylindrical component with a probe extending into the engine's interior. A black arrow points to this sensor. The callout box contains the text "Detonation sensor".

Engine oil filter
