## EXTERIOR

### Alloy Wheels

Quality and robust presence for our brand-representing Outlander. ES Models are equipped with 18-inch alloy wheels.

20-inch two tone alloy wheels are equipped on ES, SE and SEL Models.

### New Full LED Headlights (US only)

Full LED headlights, front turning indicator lights equipped with LED light source, also provide impressive styling by emitting thin and wide lights.

### Paint Colors

Five Quality Rich Colors and three Diamond Color Series: Red Diamond, White Diamond and Black Diamond.

## INTERIOR

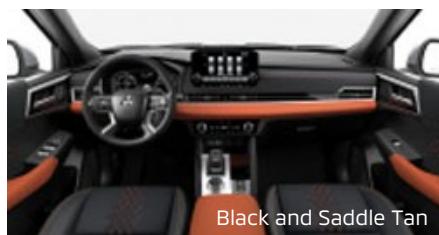

### Interior Seating Materials/Shifter Trims

Black Genuine Leather Seat Material available on SEL with Aluminum Shifter Trim.

Light Gray Genuine Leather Seat Material available on SEL with Aluminum Shifter Trim.

Black and Saddle Tan Semi-Aniline Leather with Coordinated Stitching Interior available on SEL Launch Edition and SEL Touring with Aluminum Shifter Trim.

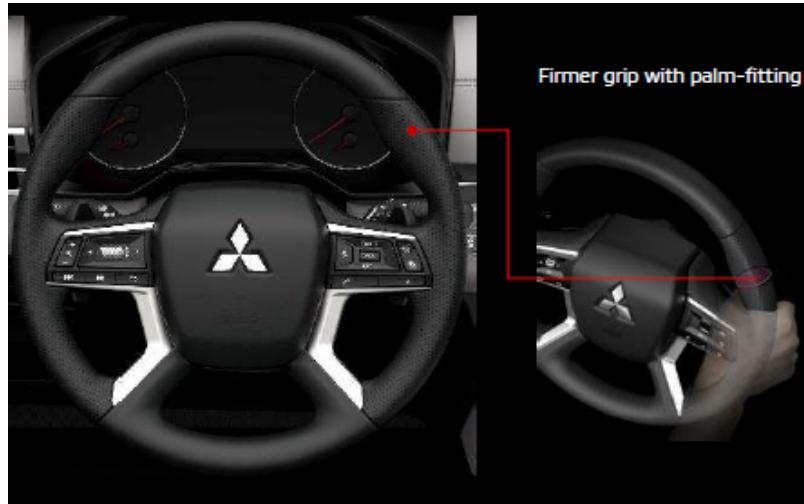

Black Interior with Cloth/Fabric seating available on ES.

Black Suede/Combination Seating Interior is available on SE.

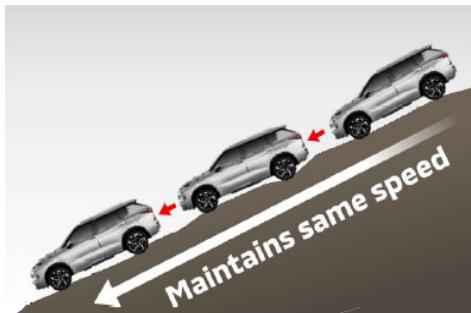

Both interiors are complimented with a Black Shift Trim.

### Steering Wheel

Firm Grip area with Palm-Fitting section added to the steering wheel.

## SAFETY

### Hill Descent Control (HDC)

Helps maintain a set speed while traveling downhill by automatically applying the brakes.

Select based on road condition	Mode	Concept	Typical situation
	<b>TARMAC</b>	Provide agile and fun driving on dry paved road	Winding Dry Paved Road
	<b>GRAVEL</b>	Provide powerful and stable driving on unpaved roads	Unpaved Road (ex. AUSTRALIA Outback)
	<b>SNOW</b>	Provide sense of security on slippery icy roads	Snow and/or Icy Road
	<b>MUD (S-AWC Only)</b>	Provide powerful driving on muddy and deep snow	Mud, Deep-snow
Select based on driving style	<b>NORMAL</b>	Provide SUV-like sense of security on various roads	Dry and Wet Paved Road
	<b>ECO</b>	Provide ecological and economical driving	Dry Paved Road

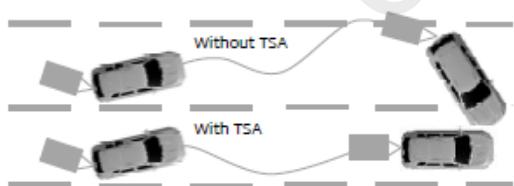

### Drive Mode Selector

Drive mode has been improved and now provides two additional modes: "MUD" mode for mud/deep snow and "TARMAC" for winding dry pavement.

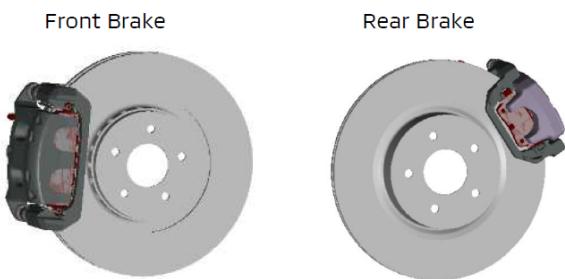

### Rear Autonomous Emergency Braking (AEB)

Sonar installed near the rear bumper detects objects behind the vehicle which provides a warning and allows the brakes to be applied.

### Trailer Stability Assist (TSA)

Trailer Stability Assist works by continuously monitoring the sway of the trailer. One or more of the car's wheel brakes are applied as necessary. If this is not enough to correct the sway, all four wheel brakes are engaged and engine power is reduced, until control is regained.

### Brakes

The front and rear brake caliper size has increased to accommodate increased vehicle weight and enlarged tire diameter. The improvements also enhance brake effort and feeling to create a more premium SUV braking feel.

## Adaptive Cruise Control (ACC) with Stop & Go

Improvements have been made to the Adaptive Cruise Control operation.

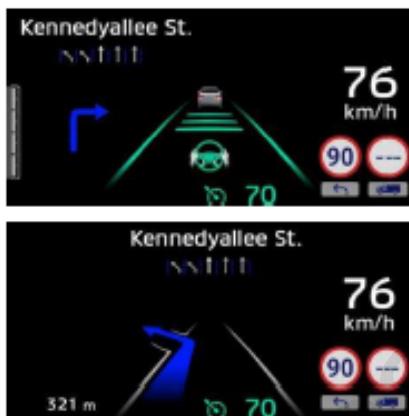

For Models with MI-PILOT Assist New Features have been added:

- Connecting with the navigation info and Traffic Sign Recognition, the speed limit information detected will be used to set the ACC speed.
- Connecting with the navigation info, curves and exits on the highway are detected to assist speed reduction.
- Stop & Go added to ACC. When the vehicle stops in a traffic jam, the ACC can be resumed automatically (or manually)

## Head-Up Display (HUD)

The new large full-color windshield-type Head-Up Display provides premium convenience and allows instinctive understanding of vehicle status.

Improvements from previous models include an increase in focal length and wide angle in a 10.8 inch virtual display through the windshield.

## Full Digital Display

The 12.3" full display provides quick at a glance functionality with high visibility graphics.

## CONVENIENCE

### Capless Fuel Filler

Another first for Mitsubishi is a new Capless Filler makes it easy-to-refuel.

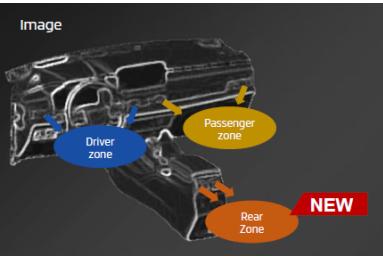

A spring action Fuel Filler Door opens with a light push and unlocks automatically when the vehicle doors are unlocked.

### Smartphone Wireless Charger Pad/USB

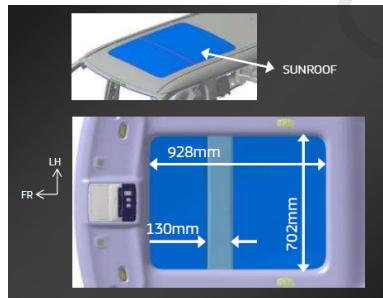

Wireless Charger Pad allows quick charging time of smartphones/other devices (max output 15W). Simply place the phone on the pad to charge.

Mitsubishi's first application of USB Type-C ports and USB port illumination is located just above the convenient Wireless Charger Pad. (max output 3.0A/2.4A - Type C/A).

### 3-zone Climate Control

Now available for overall comfort while driving, temperatures for driver, passenger, and rear can separately be set.

### Power Panoramic Sunroof

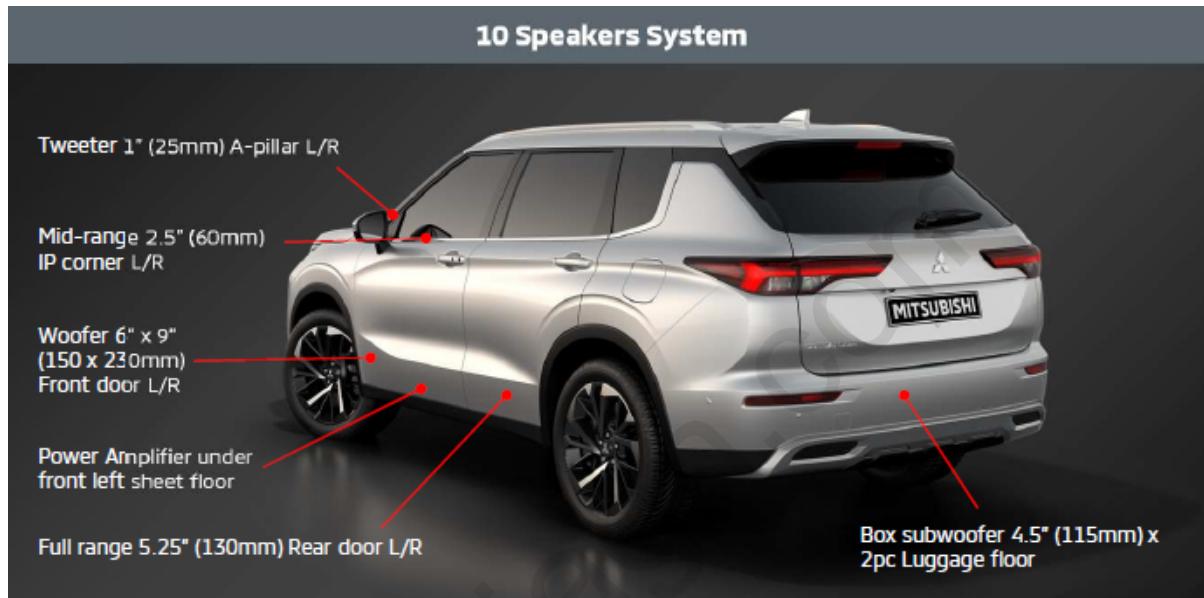

With a large opening and narrow drip rail, the Power Panoramic Sunroof provides a wider view of the sky and more comfort while driving.

## CONVENIENCE (continued)

### BOSE Premium Sound System

One of the most popular audio brands in the world, the new BOSE Sound System provides a premium driving experience.

Dynamic sound due to deep bass of the subwoofer and large front door speaker, creates a premium sound. 10 Speakers (in 9 locations) including mid-range speakers and a dual subwoofer. Front speakers are composed of 3-way speakers (woofer, mid-range and tweeter).

### Tire Pressure Monitoring System

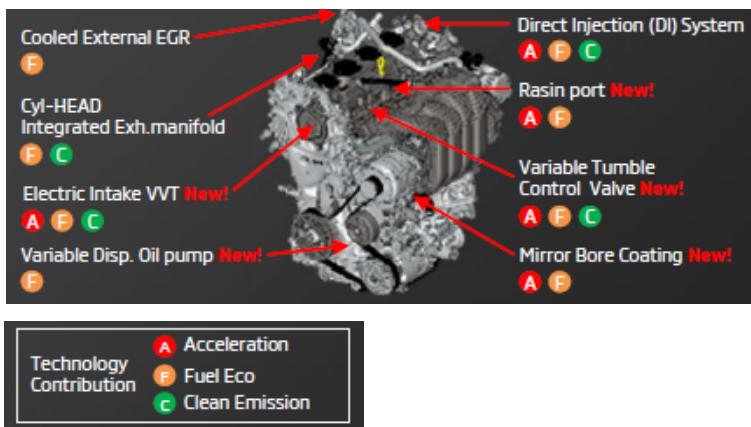

The Tire Pressure Monitoring System (TPMS) can now be monitored on the information display. The information provides the current pressure of each tire and the recommended pressures of front/rear tires. (Metric example image used)

### Meter Cluster (7-inch LCD)

New 7 inch LCD display with 4 dial meter is New for Mitsubishi. Better visibility with LED, enriched display contents, allows easy and intuitive understanding of the vehicle status. Usability of the meter display control is convenient with steering wheel switches.

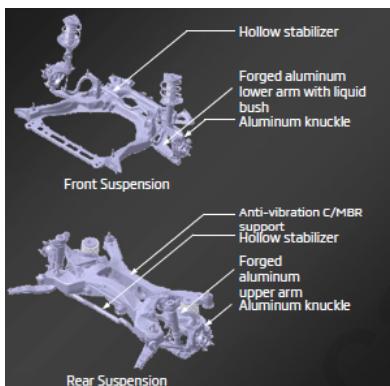

## ENGINE

### Engine Specifications

The concept defined for this new 4-cylinder engine is to achieve engine output, torque, fuel economy, and clean emissions at the highest possible levels, by incorporating the latest technologies, including a "Mitsubishi" first application. Improvements have been made by balancing fuel economy and acceleration performance.

The PR25DD engine continues as Mitsubishi's new engine concept of recent years with regard to the basic engine systems, including the use of direct injection, an electrically operated Valve Timing Control (VVT) system, cooled Exhaust Gas Recirculation (EGR), and mirror bore coating, etc.

### Suspension

New suspension with lightweight and high-rigidity aluminum help provide a safe and secure feeling, driving comfort, and vibration reduction.

### Shift by Wire

New advanced shift operation is light and provides practical operation when parking, etc. compared with conventional systems.

## FACTORY OPTION PACKAGES - 2022 Outlander

### **ES CONVENIENCE PACKAGE (2WD/S-AWC)**

- 20-inch Two Tone Alloy Wheels
- 255/45 R20 All-Season Tires

### **SE TECH PACKAGE (2WD/S-AWC)**

- 12.3" Full Digital Driver Display
- BOSE Premium Sound System (10 speakers)

### **SEL TOURING PACKAGE (2WD/S-AWC)**

- Heated Steering Wheel
- Synthetic Leather Door Insert with Quilting (Black/Saddle Tan)
- Semi-Aniline Leather Appointed Seating Surfaces

- Mitsubishi Connect with Safeguard and Remote Services/24 month Free Trial (Mobile App Enrollment Required)

- Power Panoramic Sunroof, Auto-Dimming Rearview Mirror

- 10.8" Head-Up Display (HUD)
- BOSE Premium Sound System (10 speakers)
- Power Panoramic Sunroof,
- Rear Door Pull-Up Sunshade

### **PREMIUM PAINT (All Trim Levels)**

- White Diamond, Red Diamond and Black Diamond
