

Exterior

Towing

Removable Towbars

- Steel towbar with protective paint layer.
- Detailed installation manual in 5-7 languages with drawings.
- Installation time is excluding towbar electrical kit.
- The mentioned maximum towing capacity (Tow. Cap) is mentioned in kilos and is valid for the towbar itself.
- Please refers to the vehicle specification for the appropriate max. towing capacity of the vehicles.
- The towbar is equipped with a removable ball coupling.
- Appr. = Approval: according Euro (94/20/EC), ISO or TUV.
- Towing Capacity and Vertical load: [kg]. Fitting times: [min].
- A = Brinkmatic system • B = Automatic system: (Dis)connecting of towbar is one simple action • C = Brinkmatic 2 system • 'B' is lockable and not visible when removed due to vertical connection. 'C' is lockable as an option (cylinder + key set KE500-99970) • D = Turnmatic • E = mutter system: (Dis)connecting will take some more time as multiple actions are required • F = S system.
