## **INFORMATION**

## USEFUL INFORMATION

## SiriusXM RADIO DATA SERVICE\*

- \*: SiriusXM U.S. satellite and data services are available only in the 48 contiguous USA and DC. SiriusXM satellite service is also available in Canada; see [www.siriusxm.ca](http://www.siriusxm.ca).

Data service information, which is comprised of traffic information, sports information, weather information, stock information and fuel information, can be received via the SiriusXM® Radio.

To receive the data service information in the vehicle, a subscription to the SiriusXM® Satellite Radio Service is necessary. (→P.70)

Refer to "TRAFFIC INFORMATION" for details on traffic information\*. (→P.206)

Content set to use the SiriusXM® Satellite Radio Service is reset when personal information is initialized.

\*: With navigation function

## NOTE

- The time displayed in the upper right of the data service information screen on models without navigation function is American Eastern Time.
